

# XVII International Symposium of Thrombosis and Anticoagulation

**09:00-09:05**

**Opening session (Renato Lopes and Michael Gibson)**

**Session 1**

**Innovations in antithrombotic therapy**

**Chairpersons: Manesh Patel and Sheila Martins**

**09:05-09:20**

**Screening for atrial fibrillation: when, how and what should we do with these cases? Renato D. Lopes**

**09:20-09:35**

**New antithrombotic drugs: what will change in our medical practice?  
Michael Gibson**

**09:35-09:50**

**Discussion**

**09:55-10:20**

**Session 2**

**Rapid fire case discussion**

**Presenters: Francisco Darrieux and Luciana Armaganijan**

**Panelists: Mark Crowther, Alexandre Abizaid, Gisele Sampaio, João Guerra and Mauricio Scanavacca**

**10:20-10:50**

**Coffee Break**

**Session 3**

**Hot topics in thrombotic and bleeding complications**

**Chairpersons: Eduardo Ramacciotti and Pedro Barros**

**10:50-11:00**

**How to treat patients with stroke in 2024? Sheila Martins**

**11:00-11:10**

**VTE: should we discontinue anticoagulation? Mark Crowther**

**11:10-11:20**

**Bleeding in emergency department: how to manage?  
Cecilia Bahit**

**11:20-11:30**

**Occlusion of the left atrial appendage: Duke University's experience.  
Manesh Patel**

**11:30-11:50**

**Discussion**

**11:50**

**Closing remarks of XVII ISTA (Renato Lopes and Michael Gibson)**

**12:00-13:00**

**Lunch (Satellite symposium)**

## Session 1

**What changed in cardiometabolism in 2024?**

**Chairpersons: Francisco Fonseca and Maria Cristina de Oliveira Izar**

**13:10-13:20**

**Diabetes Mellitus: João Salles**

**13:20-13:30**

**Obesity: Bruno Halpern**

**13:30-13:40**

**Lipids: Raul Dias**

**13:40-13:50**

**Cardiovascular-Kidney-Metabolic Health: Thyago Proença**

**13:50-14:00**

**Advances in Hypertension: Luciano Drager**

**14:00-14:25**

**Discussion**

## Session 2

**Coronary artery disease and cardiovascular prevention. What is new in 2024?**

**Chairpersons: Fausto Feres and Roberto Kalil**

**14:30- 14:45**

**Main advances in acute and chronic coronary artery disease in 2024? Manesh Patel**

**14:45- 15:00**

**Inflammation and Residual Risk: Michael Gibson**

**15:00-15:10**

**Immunization: Remo Furtado**

**15:10-15:25**

**Discussion**

**15:25-15:40**

**Coffee Break**

**15:40- 16:25**

**What changed in heart failure and cardiomyopathies in 2024?  
Chairpersons: EdileideBarros and Fernando Bacal**

**15:40-15:50 Heart failure**

**Fabiana Marcondes**

**15:50-16:00**

**Hypertrophic cardiomyopathy: Fabio Fernandes**

**16:00-16:10**

**Transthyretin amyloid cardiomyopathy: Fabio Fernandes**

**16:10-16:25**

**Discussion**

**16:25- 16:50**

**What changed in cardio-oncology in 2024?**

**Chairpersons: Roberta Saretta and João Pedro Dutra**

**16:25- 16:40**

**Main advances in acute and chronic coronary artery disease in 2024? Teresa López-Fernández**

**16:40-16:50**

**Discussion**

**16:50- 17:30**

**Year in review: what changed in structural heart disease in 2024?**

**Rapid fire case discussion**

**Presenter: Dimytri Siqueira**

**Panel: Flavio Tarasouchi, Fabio Jatene, Fabio Sandoli, Ibraim**

**Masciarelli and Auristela Ramos**

**Moderate aortic stenosis**

**Heart failure with secondary mitral regurgitation**

**Tricuspid regurgitation**

**Low flow low gradient aortic stenosis**

**17:30-18:00**

**Perspectives to the future: how artificial intelligence and precision medicine will change our practice? A debate**

**Host: Michael Gibson**

**Panel: Renato Lopes, Manesh Patel, Roberto Botelho, Sheila Martins, Carlos Eduardo Rochitte, Mark Crowther, Teresa López-Fernández**

**18:00**

**Closing remarks (Renato Lopes and Michael Gibson) and Cocktail (TRIBE EXPERIENCE)**
