XVII International Symposium of Thrombosis and Anticoagulation

09:00-09:05
Opening session

Session 1
Innovations in antithrombotic therapy

09:05-09:20
Screening for atrial fibrillation: when, how and what should we do with these cases?

09:20-09:35
New antithrombotic drugs: what will change in our medical practice?

09:35-09:50
Discussion

09:55-10:20

Session 2
Rapid fire case discussion

10:20-10:50
Coffee Break

Session 3
Hot topics in thrombotic and bleeding complications

10:50-11:00
How to treat patients with stroke in 2024?

11:00-11:10
VTE: should we discontinue anticoagulation?

11:10-11:20
Bleeding in emergency department: how to manage?

11:20-11:30
Occlusion of the left atrial appendage: Duke University's experience.

11:30-11:50
Discussion

11:50
Closing remarks of XVII ISTA (Renato Lopes and Michael Gibson)

12:00-13:00
Lunch (Satellite symposium)

A YEAR IN REVIEW
CARDIOLOGIA

ISTA 2024

Session 1
What changed in cardiometabolism in 2024?

13:10-13:20
Diabetes Mellitus

13:20-13:30
Obesity

13:30-13:40
Lipids

13:40-13:50
Cardiovascular-Kidney-Metabolic Health

13:50-14:00
Advances in Hypertension

14:00-14:25
Discussion

Session 2
Coronary artery disease and cardiovascular prevention. What is new in 2024?

14:30- 14:50
Main advances in acute and chronic coronary artery disease in 2024?

14:50- 15:10
Monotherapy with ADP receptor blockers after PCI and ACS – what has changed?

15:00-15:20
Residual Risk: What is the role of immunization and inflammation?

15:10-15:25
Discussion

15:25-15:40
Coffee Break

15:40- 16:40
What changed in heart failure and cardiomyopathies in 2024?

15:40-15:50
Heart failure

15:50-16:00
Hypertrophic cardiomyopathy

A YEAR IN REVIEW
CARDIOLOGIA

ISTA 2024

16:00-16:20
Transthyretin amyloid cardiomyopathy

16:20-16:40
Discussion

17:05 – 17:35
Year in review: what changed in structural heart disease in 2024?
Rapid fire case discussion

17:35- 18:10
Perspectives to the future: How AI will change our practice in
2025?

18:10
Closing remarks

A YEAR IN REVIEW
